---

nEdCom serves as a sharing platform that connects students from all educational and professional background to share knowledge and contribute information about schools, university majors, admission application processes, job skills, etc.

On top of that, event organizers, employers, recruiters, or faculties can share information, assist and mentor students, and can post information about jobs, scholarship opportunities or course related information in their programs. Additionally, companies can post job announcement and search for potential employees through our platform, which will make the searching process easier.

## FORUM

*Users can ask questions, exchange ideas, initiate discussion topics related to the fields they're interested in. They can tag questions in appropriate categories as well as participating in the forum posts by making comments, upvote, or downvote the posts*

## OPPORTUNITY

*Users can browse for various opportunities inside each Opportunity Page including Events, Competitions, Scholarships, Internships, Careers, Exchange Programs, and Volunteers Opportunities.*

## PROFILE & POINT

*Each user has a profile page that has the users' personal information, educational backgrounds, work experiences, volunteer experiences, followings, followers, activities, and point. The point serves as indicator to showcase users' active contribution as well as how knowledgeable they are in the topics that they have posted about or given answers to.*
